GRP Anti Trespass Panels

HR Kilns standard and fire retardant Anti Trespass panels are now available for use with most track gauges worldwide. Made from GRP (Glass Reinforced Plastic), our panels have many advantages over other products.

- ✓ Lightweight construction. One person lift. Panel weight approx, 25kgs
- ✓ No Crane required, full crossing can fit onto a standard light goods vehicle
- ✓ Quick Installation: - Panels, bearing bars and fixings.
- ✓ Easily removed for track maintenance
- ✓ Fire retardant versions available for use in underground stations and tunnels
- ✓ Ability to inspect rail fastenings without the need to remove any panels
- ✓ Compatible with all level crossing systems
- ✓ Simple design prevents vegetation growth
- ✓ Tamper resistant stainless steel fastenings for long life or standard fastenings
- ✓ Full Network Rail acceptance (Certificate PAO5/O6081) in the UK.
