

HR Kilns

HR Fibreglass

GRP Fabricated Handrail

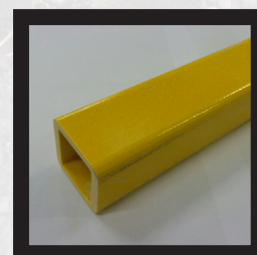

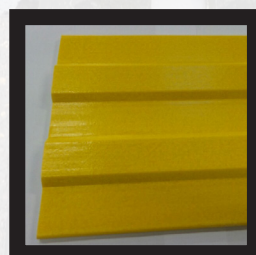

HR Kilns Fabricated Handrail System is manufactured from GRP pultruded profiles.

Standard colours are grey and yellow. Any bespoke colours can be manufactured to order.

Our GRP vertical posts are made from pultruded GRP box section 50x50x6.35mm thick, these are generally secured to our GRP heavy duty base feet or side mounts.

Our knee rail is a pultruded GRP tube and our Ergonomic Shaped Top Handrail fits over the GRP vertical box section posts. Kick plate is a pultruded Section 5mm thick x150mm High.

Units 1-7, Gorsey Place, Gillibrand, Skelmersdale WN8 9UP
